Владимир Јовановски, EPSA, GPU HERMES, RISF5, роден 1983 година, е истакнат македонски фотограф и најуспешен претставник на македонската фотографија на бројни меѓународни изложби низ светот. Излагал во 35 држави и освоил над 100 награди и признанија. Фото сојузот на Макао го прогласува за еден од 100 највлијателни фотографи на денешницата, а Фото сојузот на Турција го прогласува за светски фотограф за 2018 година. За свој најголем успех ги смета проектите „The other one hundred“ и „За македонската фотографија“. Бил член и претседател на Фото-кино клуб „Козјак“ од Куманово, а сега е активен член на Фото клуб „Куманово“. Тој е и директор на Малински фото фестивал, почесен член на Image Sans Frontier, Image Colleague Society и Фото клубот „Крагујевац“. Претставник, односно офицер за врска е на PSA, GPU, и ISF за Република Македонија и активен претседател на IAAP. Во фотографијата, тој не е обичен регистратор на нештата, тој го чувствува просторот околу себе, ги чувствува светлината, амбиентот и животот. Постојано трагајќи по нив, се соочува со внатрешни емоции коишто ги пренесува на своите фотографии. Последните неколку години во своето творештво настапува тематски.

Vladimir Jovanovski, EPSA, GPU HERMES, RISF5, was born in 1983. He is a distinguished photographer from Macedonia and the most successful representative of Macedonian photography, having taken part in numerous international exhibitions around the world. He has exhibited his works in 35 countries and as a result, has received over 100 awards and certificates. He was proclaimed by The Photographic Society of Macao as one of the 100 most influential photographers in the world. In 2018, he has received the award for best world photographer from the Photographic Arts Federation of Turkey. His biggest successes, according to him, are the projects 'The other one hundred' and 'On Macedonian photography'. He was a member and president of the Photo cinema club 'Kozjak' from Kumanovo. Currently he is an active member of Photo club 'Kumanovo'. He is also the director of Malinski Photo Festival, an honorary member of Image Sans Frontier, Image Colleague Society and the Photo Club 'Kragujevac'. He is also a representative of PSA, GPU and ISF for the Republic of Macedonia and the current president of IAAP. When it comes to his photographs, he is not a mere recorder of things. He has a sense of the space around him, feeling the light, the ambient and life. He is constantly in search of all these things, confronting inner feelings, transferring them into his photographs. In the last couple of years, his approach has been more thematic.

Димитар Чунговски-Чунга е роден во Битола, 1979 година. Неговите почетоци во фотографијата се поврзани со рачната изработка на аналогна црно-бела фотографија уште на мала возраст, за време на основното образование. По направената пауза за време на неговите студии, а со доаѓањето на дигиталната технологија, во 2003 година тој продолжува со фотографската уметност. Активно членува во Фото-кино клуб „Битола“ од неговото формирање. Димитар Чунговски-Чунга е еден од најзначајните млади македонски фотографи чиешто творештво не може да се одмине. Воден од кредото дека значењето на авторот не се мери според бројот на создадените фотографски творби, туку според досегот на неговиот творечки замав и уметнички ефект, тој создава маркантни фотографски творби што на извесен начин претставуваат авторски белег. Притоа, своето раскошно фотографско мајсторство не го ограничува во еден омеѓен простор, туку со ист жар и творечка инвентивност создава во повеќе фотографски жанрови, суштествено придонесувајќи за својот растеж и растежот на македонската фотографија. Впрочем, неговите фотографски творби се верификувани со многу стручни награди и признанија на домашни и на меѓународни изложби на уметничка фотографија. Учествовал на повеќе од педесет домашни и меѓународни групни изложби на фотографии каде што има освоено голем број награди и признанија. Во 2016 година во Куманово ја одржува својата прва самостојна изложба „Два Света“, на која

се претставува со 40-тина фотографии, а потоа истата ја прикажува и во Битола, Струмица, Крива Паланка, Кавадарци, како и во Параќин - Р Србија.

Dimitar Chungovski was born in 1979 in Bitola. He came in touch with photography while he was still in elementary school when he started manually producing analog black-and-white photographs. After making a pause during his studies, upon the arrival of the digital era, in 2003, he continued doing photography. He has been an active member of Photo-Cinema Club 'Bitola' since its formation. Chungovski is among the most significant young photographers from Macedonia whose works cannot be ignored. His credo is that author's merit cannot be quantitatively measured. It's measured by how far-reaching the artistic creation is. His photographic skills are not limited to a certain space. He used the same zeal in the creation of various photographic genres, contributing to his own personal growth and at the same time, the development of Macedonian photography. He has received a number of professional awards and certificates at national and international exhibitions of art photography. He has participated in over 50 national and international group exhibitions where he took home a number of awards and certificates. In 2016 he held his first solo exhibition in Kumanovo named 'Two Worlds' where he showcased around 40 photographs. The exhibition was later shown in Bitola, Strumica, Kriva Palanka, Kavadarci and Paracin in the Republic of Serbia.

Д-р Александар Донев е визуелен дизајнер, мултимедијален уметник и универзитетски предавач и истражувач. Уште од раното детство, тој беше фасциниран од ликовната уметност, визуелната култура и дизајнот. Во училишните денови, тој започнал да експериментира со различни техники на цртање и сликање, како што се маслени бои, скицирање и рачно писмо. Во пубертетот, љубовта кон визуелниот дизајн започна да згаснува само за подоцна повторно да се разгори во средно училиште. Овој пат, наместо да користи хартија и платно, тој започна да експериментира со компјутерска графика. Ова го инспирирало да се запише и да дипломира на мултимедија и дизајн (2005-2009), проследено со магистерски студии по графика и дизајн (2009-2011). Додека работел на своите господари, започнал да предава и истражува на универзитетот во Штип. По завршувањето на магистерските студии, Александар го ко-основаше Идеатомикс, бутик-стил креативна агенција. Ова беше краткотрајно, бидејќи тој добил место на докторски студии во областа на визуелни уметности - мултимедија и дизајн на наградуваниот Универзитет Томас Бата во Злин, Чешка (2012-2015). Предавал на одделот за дигитален дизајн, бил активно вклучен во креативните активности на одделот, организирање изложби и инсталации и активно истражувајќи ја докторската теза под наслов „Типографија во рекламирање“ која успешно ја одбранил во декември 2015 година. Од почетокот на 2016 година, тој се преселил во Обединетото Кралство и работел како хонорарен визуелен уметник, истражувач и универзитетски предавач. Александар во моментот предава дизајн и медиа поврзани предмети на Универзитетот во Бакингем. Неговите интереси за визуелни уметности се широки, почнувајќи од брендирање, дигитален дизајн, визуелизација на информации, глич уметност, мешан медиум уметности па се до фотографија. Неговиот комерцијален дизајн може да се види низ целиот свет. Тој е член на повеќе организации и клубови поврзани со визуелните уметности, дизајнот и фотографијата.

Dr Aleksandar Donev is a visual designer, multimedia artist and university lecturer and researcher. Since his early childhood, he has been fascinated by fine arts, visual culture and design. In his school days, he began experimenting with different drawing and painting techniques such as oil painting, sketching and later hand lettering. As he hit puberty, the love for visual design started to fade away only to reignite later in high-school. This time around, instead of using paper and canvas, he started experimenting with computer graphics. This inspired him to enrol and complete a bachelors degree in Multimedia and Design (2005-2009) followed by masters degree in Graphics and Design (2009-2011). Whilst working on his masters, he started teaching and researching at the university in Shtip. After completing the master studies Aleksandar co-founded Ideatomix, a boutique-style creative agency. This was short-lived as he got accepted to do a PhD degree in Visual Arts - Multimedia and Design at the award-winning Tomas Bata University in Zlin, Czech Republic (2012-2015). He taught at the department of digital design, was actively involved in the creative activities at the department, organising exhibitions and installations and actively researching his PhD thesis entitled “Typography in Advertising” which he successfully defended it in December 2015. Since early 2016, he relocated to the United Kingdom and has been working as a freelance visual artist, researcher and university lecturer. Aleksandar currently teaches design and media related subjects at the University of Buckingham. His visual arts interests are broad, ranging from branding, digital design, information visualisation, glitch art, mixed media art to photography. His commercial design work can be seen all over the world. He is a member of several organisations and clubs concerning visual arts, design and photography.
