SERBIA

Goran Kojadinović is a graphic designer and photo amateur who lives and works in Kragujevac. He graduated from the Belgrade Polytechnic in Graphic Technology. He was born in a family in which photography is especially appreciated and his interest in photography was growing with the rise of digital technology. ## JUDGE

*Photographer*

NORTH MACEDONIA

Dimitar Chungovski was born in 1979 in Bitola. He came in touch with photography while he was still in elementary school when he started manually producing analog black-and-white photographs. After making a pause during his studies, upon the arrival of the digital era, in 2003, he continued doing photography. He has been an active member of Photo-Cinema Club 'Bitola' since its formation. Chungovski is among the most significant young photographers from Macedonia whose works cannot be ignored. His credo is that author's merit cannot be quantitatively measured. It's measured by how far-reaching the artistic creation is.

His photographic skills are not limited to a certain space. He used the same zeal in the creation of various photographic genres, contributing to his own personal growth and at the same time, the development of Macedonian photography. He has received a number of professional awards and certificates at national and international exhibitions of art photography. He has participated in over 50 national and international group exhibitions where he took home a number of awards and certificates.

In 2016 he held his first solo exhibition in Kumanovo named 'Two Worlds' where he showcased around 40 photographs. The exhibition was later shown in Bitola, Strumica, Kriva Palanka, Kavadarci and Paracin in the Republic of Serbia.
