Ana Joveva was born 1974 in Skopje. She is Engineer Architect and Master of Science in Architecture and Design, piano player and person with great passion and respect for photography and art. Ana has been interested in art and photography since young days when she gained few awards. She's hobby has been treated more seriously when she had chance to live in different country during her studies, and work, making research through the lances of camera about architecture, different tradition, ethics, music, religion, street life, social moments. She finds a lot of common between architecture, music and photography. Ana fulfilled her passion for photography with finishing Digital Art Photography and Digital Painting training in Middle East. She had the chance to learn photography from different photographers, when in 2017 decided to participate in a photogrophy contest and salons. Working in the fields of Hospitals design projects, Ana have opportunity to meet various emotions between people and people struggle, so based on that she has great success in making the hospitals with pleasant feeling, space and interior more comfortable and common. Willing to improve the hospital atmosphere and making better and closer to patient's feelings she implemented her photography and art capabilities in the hospital design. Now a day she prefers to create and experiment with photography that shows moments of emotions and hospitality. In photography, Ana had more than 300 acceptances in different countries and international awards. She is holding QPSA title in Photographic Society of America.

Dimitar Risteski was born in 1983 in Prilep. He graduated from the Open International University for Human Development in Kiev, Ukraine. He is currently an IT manager at the Faculty of Economics in Prilep. He has been doing photography since 2010. He participated in numerous national and international art photography exhibitions where he achieved some great results. Photography allows Risteski to break from the everyday life by inspiring him and filling him with love. He was the president of the Photo cinema Club 'Prilep'. During that time, he managed to reactivate the club. Now 'Prilep' is among the key photography associations in Macedonia. He was responsible for the international exhibitions such as 'Prilepski salon', 'Photo Circle', 'Photo Movement'.

Sandra Trajkovska was born in 1995 in Kumanovo. She finished elementary and high school in her hometown. She then enrolled at the Faculty of Design and Technology of Furniture and Interior in Skopje. She developed an interest for photoraphy when she was still in elementary school. She took up a photography course led by Vladimir Jovanovski in 2017. After its completion, she became a member of Photo Club 'Kumanovo'. She participated in several national and international exhibitions. She won first prize at the contest 'My Kumanovo' organized by Kumanovo Municipality. In 2018, she completed her first photo- projection entitled '(E)motions'. She finds inspiration in everyday life, the people and the emotions they carry within. One of the reasons she fell in love with photography is the fact that it allows her to capture moments that might not occur ever again.
