“You don't make a photograph just with a camera. You bring to the act of photography all the pictures you have seen, the books you have read, the music you have heard, the people you have loved.” – **Ansel Adams**

By trade, I am a Journalist.

I discovered my passion for photography back in 2006, when I bought my first DSRL camera. Many of my pictures talk about the feelings and moods that I felt during my trips over the last few years.

Being an intuitive and spontaneous person, I like to convey warm emotions.

I'd like for people to understand photography and its fine art – the mood, the delicateness of a particular moment, the lighting, and the photographer's decision on how to frame it, to capture its essence.

“I don't shoot what it looks like, I shoot what it feels like.”
