TEODOR RADU PANTEA

I was born in February 21, 1953 in the city of Oradea, Romania. Here finished my middle school and then I went in the eastern part of Romania, at Galați where I studied in the Faculty of Foor Enginnering, being now an engineer in this speciality. I'm making photography since about 45 years, but I have started to participate in contests only after 1977 (the year when I finished my studies on engineering). I have participated in 355 international contests of photography and in 100 in Romania. I won 288 international prizes and mentions.

I have been invited in 37 international juries of photography. I have a special passion for projects, that meaning large series on pictures having a single ideea, an unique conception and an unique style. Some of them ar: "Sic Transit...", "Alter Ego", "Auschwitz, Realm Of Silence", "The world Of Seth", "Vae Victis", "Roshia Montana", "Dying Forest", "The Imagined Face" and many others. They have been presented in 84 personal exhibitions in Romania, USA, Poland, Serbia, India, Turkey, Egypt, Hungary, Ukraine, Bulgaria, Greece, Australia, Iran, Uzbekistan, Croatia, Mexic, etc.

Since 1994 I'm teaching photography in the Faculty of Visual Art and photojournalism in the Faculty Of Political Science and Journalism, both in the University of Oradea. In 2006 I finished my doctoral in photographic history, being the first doctoral with this speciality, in Romania. I finshed two different master classes in 2005 and 2011.

I have organized many photography camps with my students.

## David Byrne

I have been interested in photography from a very young age when my father gave me his old Zenit film camera, though I didn't start taking photo's as a hobby until digital dslr became affordable. I bought my first camera in at Christmas 2009 and taught myself to use the camera from the internet for 6 months. I started entering competitions in December 2010. My first love is Mono Landscapes, I have a passion for black and white images, but this doesn't stop me taking colour and I will try to take as many different subjects and genres as I can, in fact my most successful image is of motorcycle racing!
