ZLATNO OKO'77 — GOLDEN EYE'77 — OEIL D'OR'77 — GOLDENES AUGE'77

ZLATNE OČI NOVOG SADA

Novi Sad, grad heroj, što ga grle obronci Fruške gore i umivaju talasi Dunava, ima radoznale i večito budne ZLATNE OČI koje pune tri decenije neumorno bdiju na straži svedoka vremena zahuktalog. Uz slobodarske svečanosti oktobra proslaviće se i jubilej Foto kino kluba »Branko Bajić«, kluba koji s ponosom nosi ime revolucionara, borca i poete palog u borbi za čovekovo mesto pod suncem slobode. Desetine Novosađana registrovali su kamerama niz događaja još u periodu između dva rata. Krišom je kamera registrovala i divljanja okupatora, sačuvala od zaborava strahote neponovljive i ovekovečila suze radosnice, peškire i još zagrejane automate na grudima oslobodilaca. Trideset godina je »Branko Bajić« stecište mladih, ne samo mladih po godinama već i onih čije su ideje i nemirni duh večito u ljubavi s mladošću, tom neiscrpnom, zahvalnom i uvek prisutnom temom. Upornim negovanjem tradicije, da se uz Dan oslobođenja grada položi i fotografski račun o rezultatima rada i razvitka u prethodnom periodu, pozlatilo se i oko snimatelja. Taj sinonim dobre fotografije, trofej za kojim žude mnoga afirmisana imena u svetu fotografije, ima duboke korene iz kojih se tek očekuju novi plodovi. Međunarodna izložba fotografija »Zlatno oko 77.« treći put je okupila u Novom Sadu majstore fotografija iz 33 zemlje sa svih kontinenata. Ovom vrhunskom manifestacijom dobre fotografije klub pored svog jubileja proslavlja i dvostruki jubilej Predsednika Republike Josipa Broza Tita, dosadašnjeg pokrovitelja »Zlatnog oka«. Zahvaljujemo se svim učesnicima, nagrađenima čestitamo na osvojenim nagradama a svim ljubiteljima fotografije želimo da se što prijatnije osećaju na izložbi »Zlatno oko 77.«

Organizacioni odbor

GOLDEN EYE OF NOVI SAD

Novi Sad the hero town embraced by the slopes of Fruška Gora and washed by the Danube waves, has curious GOLDEN EYE which have been watching for thirty years as a witness over the passing time. The jubilee of Cine Photo Club »Branko Bajić« will be celebrated in October as one of the liberty celebration manifestations. The Club is named »Branko Bajić« in honour of a great man, revolutionary and poet died fighting to his death for man's place under the sun of liberty.

Dosens of people in Novi Sad have registered many events which happend between the two world wars, by their cameras. The camera has secretly registered the occupiers' violences, helped us to keep in memory not only tears of happiness, but also warmed machine guns and towels on liberators shoulders.

»Branko Bajić« has been a meeting place of the young for already thirty yers, as well as of those not so young any more, but those whose ideas and wandering temperament have always been in love with the youth, i.e. an inexhaustible, gratefull, and present theme for ever. It has become a custom that the photo account of the working achievements and previous development of the town, has to be rendered on the Day of Liberation, and by that tradition cherishing the photographer's eye has turned to gold. That synonym of a good photograph, a trophy desired to be obtained by many established names in the field of photography, has deep roots which are just expected to be fruitfull.

»Golden eye 77«, the international photo exhibition, has gethered together for the third time in Novi Sad, experts on photograph from 33 countries all over the world. With it's manifestation of good photographs, the Club celebrates, besides its own jubilee, also the double jubilee of Josip Broz Tito, the President of the Republic, wellknown as the patron of the previous »Golden eye«. Many thanks to all participants, congratulations to prize winners, and good time to all fans on the exhibition »Golden eye 77«.
