# KORITON - KRATOVO 2017

## JURY

**Keti Talevska** is from Bitola where she still lives and works today. She finished her education on the Faculty of medium communication in Slovenia. While her first passion is photography she draws inspiration from the people's everyday life. Keti is an active member of Photo Cinema Club Bitola and she participated in number of national and international exhibitions. Beside her knowledge of photography and video production, she is also interested in stop-animation for which she had organized lectures in Skopje and Bitola.

**Dejan Kolevski** is born in Skopje, and his passion for photography starts from the year 1998 when he became a member of Photo club Vardar, where he gets his first formal knowledge about art photography. Dejan is equally interested in black and white, and the color photography. The subjects of his photography are dominated by people fitting in the urbanscape. He participated in number of national and international exhibitions, including the prestige "Days of the Macedonian photography". He had two solo exhibitions in Skopje, one in 2005 and the other in 2013 named Poetry of everyday life . In 2007, Dejan was part of the exhibition Days of the Macedonian culture in Köln, Germany.

**Marina Krstic** is born in Kumanovo, 1982. After finishing at the Faculty of Philosophy, group of Classical studies, she starts working as a teacher in elementary school in her home town. Ever since she was a little girl, she was introduced with the art world, through visiting countless cultural events and exhibitions. Her upbringing slowly will make a trace towards the interest in art photography. Her thoughts of learning art photography are deeply carved after visiting a seminar in 2003 called "SeeU in motion", where she meets professional Belgian and French photographers. She pursuits her passion a decade later, when enrolling into photo school in Kumanovo. The next year, she and twenty other photography lovers are founders of new photo club, named Photo Club Kumanovo. Since then she has been an active member there, and attends multiple international salons and exhibitions, where she has received numerous prizes and awards. She is also one of the organizers of Photo Festival Malinski, where she even had her first solo exhibition, named "Delfinography" in 2016.
